**PLANNING**

**APPLICATION TO  
DONEGAL COUNTY COUNCIL  
Bunnamayne, Bridgend**

I, Karen McDaid, am applying for retention permission and planning permission for development at Bunnamayne, Bridgend, in the townland of Bunnamayne. The development will consist of 1. Retention Permission for (a) the demolition of structurally unsafe walls of existing dwelling, (b) rebuilding of external walls to first floor level, (c) excavation of lands to rear of site, (d) container on a temporary basis and 2. Planning Permission for completion of dwelling with raised roof level to provide habitable rooms within attic space, connection to existing services and all associated works.

The planning application may be inspected or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of the planning authority during its public opening hours. A submission or observation in relation to the application may be made in writing to the planning authority on payment of the prescribed fee, €20.00, within the period of 5 weeks beginning on the date of receipt by the authority of the application, and such submissions or observations will be considered by the planning authority in making a decision on the application. The planning authority may grant permission subject to or without conditions, or may refuse to grant permission.

**Planning Application to  
DONEGAL COUNTY COUNCIL  
Crislamore, Tooban, Co. Donegal.**

I, Dylan Porter, am applying to Donegal County Council for planning permission to Construct a Dwelling with effluent treatment System and all Associated site Development Works at Crislamore, Tooban, Co. Donegal in the townland of Crislamore. The Planning Application May Be inspected or Purchased At a fee not exceeding the reasonable cost of making a Copy at the offices of the planning Authority, County House, Lifford. A Submission or observation in relation to the Application May be made in writing to the planning Authority on Payment of the prescribed fee within the period of 5 weeks beginning on the date of the receipt by the Authority of the application, and such submission or observation will be considered by the planning authority in making a decision on the application. The Planning authority may grant permission subject to or without Conditions, or may refuse to grant permission.

**APPLICATION TO  
DONEGAL COUNTY COUNCIL  
Magheradrumman, Glengannon**

We, Ronald & Geraldine McDaid, are applying for retention permission and planning permission for development at Magheradrumman, Glengannon in the townland of Magheradrumman. The development will consist of (1) Retention Permission for (a) Relocation of dwelling; planning ref: 04/5290 (b) increase in ridge height of existing dwelling to that granted permission and (c) existing garage and (2) Planning Permission for (a) Demolition of existing dwelling due to defective blocks; planning ref: 04/5290, (b) Erection of a replacement dwelling with change of house type, connection to existing services and all associated works.

The planning application may be inspected or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of the planning authority during its public opening hours. A submission or observation in relation to the application may be made in writing to the planning authority on payment of the prescribed fee, €20.00, within the period of 5 weeks beginning on the date of receipt by the authority of the application, and such submissions or observations will be considered by the planning authority in making a decision on the application. The planning authority may grant permission subject to or without conditions, or may refuse to grant permission.

**Planning Application to:  
Donegal County Council**

We, FuturEnergy Ireland Development DAC, intend to apply for permission for development at a site with an overall site area of c.5.8Ha in the Townland of Ballynahone, near Buncrana, County Donegal.

The development will consist of: a 10-year permission for the development of a Long Duration Energy Storage (LDES) Compound with a total surface area of c.2.9Ha containing 248no. battery energy storage units in the form of metal shipping containers [approximately 12.2m (L) x 2.6m (W) and 2.9m (H) each] and associated ancillary control and ventilation equipment. Installation of an onsite transformer compound (c.3,600sq m) to facilitate an under-the fence connection to the adjacent Trillick 110kV substation. The transformer compound will include a control building of c.27sq m, a 110 kV transformer, associated electrical equipment, and an up to 18m high lightning protection monopole mast. A temporary construction compound with a total surface area of c.1,500sq m. c.515m of new and upgraded access tracks; 3no. entrances from the L-7231 public road comprising the upgrade of 1no. existing entrance and creation of 1no. new permanent access and 1no. new temporary access for the construction and operation of the facility; underground electrical and communications cabling between the proposed LDES compound and the proposed on-site transformer compound which will cross under the L-7231 public road; security lighting; pole mounted CCTV and communications mast; on-site freshwater storage tank including fresh water treatment unit in the form of a metal shipping container; on-site drainage system and associated vegetated attenuation pond; a storage container in the form of a metal shipping container; sound reflective barriers to a height of 4m; security fencing and gates; and all associated ancillary site development, services and clearance works including tree felling of c.4.7Ha of conifer plantation; landscaping and planting.

The proposed LDES facility will be operational for a period of 30 years.

The planning application may be inspected, or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of the Planning Authority during its public opening hours. A submission or observation in relation to the application may be made in writing to the planning authority on payment of the prescribed fee (€20) within the period of 5 weeks beginning on the date of receipt by the authority of the application.
